

ECE 391 MP2.2 Grade Sheet

Checkpoint 2 (67 points)

Compilation ([-6, 0])

No conflicts/issues when checking out code from repo _____/0

Game code compiles with no warnings/errors _____/0

Module compiles and inserts with no warnings/errors _____/0

Game Functionality (28)

Octree-based color selection works _____/20

Tux controller buttons work in game _____/5

Tux controller LEDs display elapsed time _____/3

Tux Functionality (11)

Tux controller buttons function correctly _____/2

Tux controller set LEDs works (0x0 to 0xF) _____/3

Tux controller clear LEDs works (set LED with spaces) _____/1

Tux controller reset handled by driver properly _____/3

Tux driver prevents set LED being spammed _____/2

Style (18)

Tux is properly integrated into game and synchronized _____/6

Full interface for each function _____/3

Commenting within function bodies _____/3

Good code design _____/6

Questions (10)

Able to adequately answer questions _____/10

Total _____/67

Student Name _____

Student NetID _____

TA Signature _____ Date/Time _____
